

August 6, 2008

Dear Sir or Madam:

It gives me great honor to refer to you Dr. Derrick L. Campbell as a candidate for your organization. Derrick was a student in the Rowan University Educational Leadership Doctoral Program for 2005-2007. My responsibilities encompassed Associate Professor for education leadership at the Graduate School of Education at the Rowan University located in Glassboro, New Jersey.

Specifically, I had the privilege of getting to know Dr. Campbell while he was a student in several of my educational leadership classes and while serving on his dissertation committee. As a student he demonstrated an insatiable appetite for scholarship at the highest level. His academic performance was outstanding. Dr. Campbell's research is to be considered a notable contribution to the literature and an overall advancement to scholastic discussion for educators.

He is especially dedicated and committed to the improvement of educational institutions and businesses. He brings to the organization a sense of team play, leadership skills, self-confidence, intelligence, and interpersonal skills that are an asset to any school system or corporate enterprise.

I am deeply impressed by Dr. Campbell. I am confident your selection of him into your organization will provide a high level of service and commitment of which I have had the pleasure to witness. If you have any questions or wish to speak further about Dr. Campbell, please feel free to contact me without hesitation at 240-264-6979.

Sincerely,

Franklin Campbell Jones, Ed. D.
